## CELEBRATING 10 YEARS OF BUILDING FAMILIES THROUGH ADOPTION!

Dear Friends of LINK;

As you know, we have rarely sent out letters to raise funds for our ministry in the past ten years. However, many of you are aware that we lost our corporate sponsor in May of 2004. Since May of 2004 we have operated with God's blessings and provisions. Yet our operating costs have risen dramatically. As the David Drye Company provided office space, utilities, copiers, phones and office supplies, including postage all adding up to around \$25,000 yearly. We are grateful for the support the Drye's gave LINK over the years, but we now must provide the funds to cover these expenses through generous supporters like you. Thus our reason for writing you today.

It has been 15 months now and we must ask you to prayerfully consider supporting LINK so that we may continue to do God's work. LINK has assisted in helping over 600 couples LINK with their children, as well as ministering to thousands of girls who have been faced with an unplanned pregnancy. The women we embrace bring with them stories of abuse, neglect, fear, financial difficulties and broken hearts. Most facing this time alone, to make some of the most difficult decisions they will ever make. We are honored to provide them a solution to their hopelessness, by pointing them to the ONE who has all the answers, the ability to heal them, forgive them, and redeem them from their devastating lifestyles. Those in unplanned pregnancies who choose life through adoption are then given the opportunity to meet Christian couples who otherwise would not be able to parent without the loving sacrifice of these women.

In the year 2005 we have operated at a deficit. This year has been difficult with the cost of fuel and other daily items rising. Donations given have not been able to keep pace with expenses especially through the summer months. We need your help.

Would you be willing to help be a part of our ministry? To help assist in bringing a harvest of good into the lives of some of the most unloved, unwanted, and lost? If God is leading you to do so, please send a tax deductible donation to LINK at 349-L Copperfiled Blvd. Suite 105 Concord, North Carolina 28025. Any amount, large or small would help us make up our large deficit. Then if God plants it in your heart to make an ongoing monthly contribution for 2005/2006 we would sincerely appreciate it. We Praise God for all our donors, YOU are important to this ministry.

Maybe at this time you can't help financially. We understand, but maybe you know of someone that can? Do you know of a possible corporate or Church sponsor? Maybe a family member or friend who is blessed by the child that has entered your family through LINK? Consider this, where would that child be now, if LINK didn't exist?

Please contact us if you feel God is touching your heart to assist in helping those in need through LINK. Many lives depend on it, many families depend on it. Please allow us to continue to build God's kingdom one child at a time.

Humbly in His Name,

Amy and Ed Miller, Jr.
